Subject: Statement for State Watermaster Service

Fiscal Year: 2023-24

County: Sierra

Service Area: Middle Fork Feather River

California Water Code, Section 4201, states that watermaster services are to be paid 100 percent by water right holders. As required by the California Water Code, Sections 4200 through 4305, the enclosed statement contains the total amount required for the service area and the apportioned cost to each water right holder. To simplify billing procedures, property owners of multiple parcels having water rights receive the total billing on one parcel, usually the largest parcel or the parcel having a residence.

Here is an itemized breakdown of the total charges of \$219,900 for Fiscal Year 2023-24:

Description	Fiscal Year	Amount
Actual cost to provide watermaster service	2022-23	\$225,337
Amount estimated/billed to provide watermaster service	2022-23	\$253,634
Difference between actual cost and billed amount	2022-23	\$-28,297
Amount estimated to provide watermaster service	<u>2023-24</u>	\$248,184
Total bill (rounded to the nearest \$100)	<u>2023-24</u>	\$219,900

The current watermaster budget, showing the various cost categories, as well as the previous year's budget and billing amounts, has been included in this billing statement package.
